

Hey! My name is Jack, I am 23 years old and live just out of Bendigo.

Disability is something I am quite familiar with, I have experience caring for my younger sister and a cousin who both live with autism. This has given me a valuable insight in the support needed to helping others achieve their goals and making a positive impact.

Growing up on property and still living on the property, when I'm not doing support work you will find me on the farm. I love the outdoors and catching up with mates.
